The Colleges of Arts & Letters, Humanities & Public Affairs, Natural & Applied Sciences and the Office of Student Engagement present

Student-Faculty Idea Exchange: Leading in a Global Society

A hands-on workshop to exchange ideas for teaching and learning about the 2010-2011 public affairs theme, Leading in a Global Society.

Thursday, May 6
5:00 pm to 6:30 pm (with pizza and drinks)
PSU 312

Open to faculty in all colleges, staff and student leaders

This will be a structured interactive exchange between student leaders and faculty/staff. Faculty/staff will have the chance to talk with students informally to discover what learning activities students find most engaging and thought-provoking as they consider Missouri State’s public affairs mission in the context of the 2010-11 theme, Leading in a Global Society. The ideas students and faculty brainstorm and develop at this workshop will provide a foundation for the June 4 faculty workshop, Integrating the 2010-11 Public Affairs Theme with Teaching and Learning Activities.

So we can plan appropriately for numbers, please register online: https://www.secure.missouristate.edu/idp/courses/IDP5100.asp?Code=COAL200&who=COAL [Press CTRL and click the link to reach enrollment screen]
