

Creating a Mentally Healthy Campus- A Webinar with Professor Peter Lake for Practitioners and University Administrators

Join us for a Webinar on September 22

The rates of college student prescription drug use/abuse, mental illness, self-harm, suicide, etc., are an increasing concern for many campuses. How do we equip our campus staff, including faculty, to address these issues? Where is the line between mental health issues and conduct issues? Moreover, mental health concerns on the modern college campus are not limited to students. Faculty and staff may also be in need of mental health services, and in some instances, may be required to obtain these services to continue employment. Can institutions mandate counseling for faculty and/or staff? What role can/should the campus counseling center play in human resource matters? Creating a mentally healthy campus includes providing services to both students and college employees.

About Professor Peter Lake

Peter F. Lake is professor of law, Charles A. Dana chair and director of the Center for Excellence in Higher Education Law and Policy at Stetson University College of Law. He teaches and writes in the areas of torts, higher education law and policy, insurance, and jurisprudence, and has won several awards for his teaching and scholarship. He co-authored *The Rights and Responsibilities of the Modern University* (Carolina Academic Press 1999), and has authored numerous law review articles and other publications. He is an internationally-recognized expert on higher education law and policy. His latest book, *Beyond Discipline – Managing the Modern Higher Education Environment*, was published in 2009 by Hierophant Enterprises, Inc. Professor Lake is a highly sought after speaker and futurist, particularly in the field of higher education law and policy, where he has served as a presenter or keynote speaker at several hundred international, national, regional, and local meetings.

Professor Lake is a graduate of Harvard College and Harvard Law School.
