

Please join us for a
Grand Re-Opening Reception
for the redesigned and expanded
Music & Media Collections
(Meyer Library, Lower Level)

Thursday, December 1, 2011
2:00 - 4:00 pm

This newly redesigned area combines the Music Library (which was previously housed in Ellis Hall) with Media Collections (which was on the 2nd floor of Meyer Library). Now all of the music materials—including music scores, books, music reference materials, CDs, DVDs, AV equipment, Finale music composition stations, and more—are in one centralized location.

Please help us to celebrate the opening of this new area, which marks the 25th anniversary of the founding of the Music Library at Missouri State University in 1986.
