

“Our Finest Hour”  
August 12th, 2020

Good “Hump Day” Afternoon, COE:

Attached [here](#) to this Finest Hour update is the COE Building and Classroom Mask Compliance Policy developed by our department heads. Thank you all very much. All of our COE offices are open (and have been for a couple of three weeks), but not everyone is present 8:00 a.m. – 5:00 p.m. For example, some days Rose and I are in the Dean’s Office and on other days Sharon and I are here. Sometimes only I am in the office, and sometimes only Rose or Sharon is in. You can check with your department head regarding who’s in when, where, and why in your area(s).

Days are growing noticeably shorter now, so my time in the garden, likewise, is becoming adversely effected. On top of that, I am usually in the office early in the morning. By now, you should know why: am sniffing out Jewel Tea Man Sunshine Coffee from a jar.

I appreciate you all very much, appreciate your hard work making our classes rigorously effective, and appreciate your diligence.

Keep Calm and Come to Our Meeting this Friday If You Can,

David
