

Missouri Child Advocacy Day is an annual event that brings together advocates from around the state to meet with legislators and advocate for policies that uplift Missouri children and their families. This year, the traditional Rally and Day of Action will be Wednesday, March 10. In addition, workshops are offered all week, March 8-12.

Faculty and students from Childhood Education & Family Studies will be participating in the virtual workshops and rally. For more information: www.childadvocacy.org.

Workshops include topics such as:
