# **General Education Course Proposal Open Labs**

**Offered by the Office of Assessment**

**The goal of these open labs is to provide time and a place for faculty to prepare General Education course proposals. Whether you are working on a first-time submission or revising a proposal for resubmission, please join us!**

**We will provide:**

- a comfortable space for faculty to work on proposals
- light snacks
- computer access
- examples of successful proposals
- support from the Office of Assessment and Council for General Education and Interdisciplinary Programs (CGEIP)

**We can help you:**

- align General Education goals with course goals
- address the online proposal form requirements
- understand expectations for proposals

Please contact Keri Franklin with questions:
