

Academic Life Skills in Library 101

Created by students for students

Academic Life Skills in Library 101 is a series of presentations designed to impart the necessary skills and knowledge needed to thrive in an academic community. Whether you feel that your performance on exams does not reflect the depth of your learning or you want to learn more about the free services the BearCLAW offers, our wide range of topics is designed to help you succeed in every part of academic life!

Free and open to the public.
