# Missouri Teaching Symposium

## Course Redesign, Technology and Scholarship

### Course Redesign

Faculty team leaders involved in a statewide initiative to redesign high-enrollment courses will discuss:

- improvements in student learning
- reduction in costs

#### Courses Featured Include:

- ✓ Intermediate Algebra
- ✓ College Algebra
- ✓ General Chemistry I
- ✓ Human Anatomy
- ✓ Introductory Psychology
- ✓ Basic English
- ✓ Composition I
- ✓ Spanish I
- ✓ Information Systems
- ✓ Oral Communications

### Scholarship of Teaching and Learning

Faculty who engage in the scholarship of teaching with the goal of improving student learning will share their experience and the results of their research.

**RSVP**  
**HERE**

### Integrating Technology into Courses

**Faculty experts using technology to engage students will present. Free & low-cost tools will be demonstrated.**
