

FACULTY, STUDENT & STAFF SEMINAR

Monday, 4:00 PM

October 28, 2013

Cheek Hall 102

The Abacus: A Brief History and Workshop

Dr. Adam Harbaugh

**Mathematics Department
Missouri State University**

ABSTRACT

In this workshop, you will learn a brief history of this ancient but still relevant mathematical tool. You will also learn how to add, subtract, multiply, and divide. You do not have to bring your own abacus. One will be loaned to you during the workshop. Just come on down!

All are welcome!
