ISA Internships are not like other internship programs. Students trust us to find them a fantastic internship experience. With our Professional Development Toolbox, Bridging Cultures Program, and pre-departure and on-site support, students receive more than just an internship placement—they receive a global career-building experience.

PROGRAM OPTIONS

8-Week Set-Date Internships

- Four pre-set intakes each year
- Includes our multi-day on-site Bridging Cultures Program orientation
- Includes option for 6 credits through Carroll College

Custom Date Internships

Custom Date Internship placements are available for interns who are unable to participate in one of our pre-set placements due to a date conflict or because a different duration is required.

WHAT'S INCLUDED?

- Individualized Internship Placement
- Housing
- Local transportation card
- 24/7 on-site support
- International medical insurance
- Option to participate in cultural activities and excursions
- ...and so much more!
